24. Martha, a bookkeeper, has 195 euros and no coins. A client of the bookshop asks if she can break a 10, a 20, a 50, or a 100 euros banknote, but unfortunately her answer is always no.
How many 20 euros banknotes does Martha have (considering that the lowest–value banknote is 5 euros)?

A. 1

B. 4

C. 3

D. 2

E. 0
